Newark, N.J.

Dear Abe:

I am writing to you regarding the tentative dates that we have, with the purpose of pointing out to you that I am going to try to secure some games for about the same dates that might prove more beneficial to my interests. I feel prompted to take these steps only because of the very poor receipts yielded by the three games my club has played so far, which have not even totalled \$700.--.

Hoping that you will understand and appreciate my position and trusting to be favored with your cooperation in this respect, I am, as ever,

Sincerely yours,

Alex Pompez

P.S.

I will certainly advise you in advance whether or not I am successful in this connection.
